

Dear Parents,

We will be delighted to send you any progress reports (the Chinese original that includes a photo and an English translation) we have on file **after** you bring your child home. Please understand, however, that we cannot send progress reports before the adoption is finalized and that progress reports are not medical reports; we have no access to orphanage files. Because our staff is small by design and must prioritize running our programs in China, we also ask that you be patient as we process your request.

If your child was at one of the institutions listed below (or the Chunhui China Care Home in Beijing) during the dates listed, please fill out the form on the following page and send it to us so our Beijing office can check to see if your child was enrolled in our program. If she/he was, we will send you any progress reports we have on file:
