

The Children's Circle

Be a part of this community of like-minded donors who support the children of OneSky.

By becoming a part of The Children's Circle, our monthly giving program, you are recognizing the need for OneSky's work to continue well into the future. Your recurring gift of \$5 or more, along with gifts from other Circle members, will create a consistent stream of support, which allows us to provide sustainable, nurturing care and education to marginalized children in Asia:

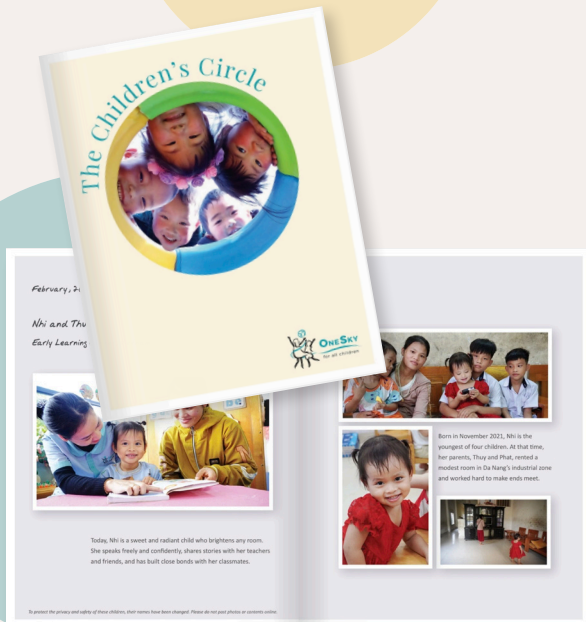

Giving a monthly gift to OneSky:

- Creates stronger communities
- Ensures program sustainability
- Builds brighter futures

And for you?

It's simple and effective. You can set up your recurring donation once and give for as long as you like, changing or canceling at any time. All donations matter, and by giving a manageable amount over time, you are consistently providing life-transforming opportunities for young children.

For the price of a cup of coffee or boba tea a month, you will receive curated updates about how your contributions make a difference in the lives of the children we serve.
